GIFT KASUNGULU

IT Support Technician | +260 764000886, +260 972589204 | kasungulugift30@gmail.com | Kitwe, Zambia

ABOUT ME

IT Support Technician with a BSc in Information Systems (Copperbelt University), currently supporting the servers, network and Hospital Management System of a three-branch hospital in Kitwe. Hands-on with Windows and hardware troubleshooting, LAN/WAN, Wi-Fi, VPN and Starlink connectivity, CCTV, backups, printers and peripherals, Active Directory, Microsoft 365 and Odoo. Helped set up the IT infrastructure for the hospital's new facility. My software development background helps me understand, support and document business systems such as ERPs. Organised, dependable and service-minded, with a talent for explaining technology to non-technical users.

Languages: English, Nyanja, Bemba, Lozi | **Nationality:** Zambian

Soft Skills:	Problem-solving, customer service, explaining technology to non-technical users, written & spoken communication, collaboration, high attention to detail

RELATED WORK EXPERIENCE

1. **IT Support Technician** — **Kitwe Zambia**
   Progress Medical Center — 2025 July 9 - Present

   Responsible for:

   1. Providing daily technical support for the **Hospital Management System (HMS)**: user assistance, error resolution and system functionality checks that keep hospital operations running smoothly.
   2. Diagnosing and resolving network and connectivity issues so that clinical and administrative work is not interrupted.
   3. Managing the servers for all 3 hospital branches, keeping patient and hospital data up to date and available when needed.
   4. Carrying out routine maintenance, updates and configuration changes on the HMS to optimise performance and prevent downtime.
   5. Set up the IT infrastructure for the hospital's new facility, including the Wi-Fi network, Starlink internet connectivity, VPN / remote access and CCTV.
   6. Set up data backups to protect hospital data, and deployed Odoo for the new facility.
   7. Created an IT asset register to track equipment at the new facility.
   8. Monitoring and managing printers and peripherals; keeping accurate stock records of toners and consumables and coordinating timely procurement and replacement.
   9. Redesigned and now manage the company website to a modern standard, improving visibility and generating leads.

2. **Software Engineer** — **Lusaka Zambia**
   Techroots Zambia — 2024 Jan - 2025 July
   1. Took part in the full software development lifecycle (design, coding, testing and deployment) of web-based internal systems and EdTech platforms.
   2. Worked with cross-functional teams to deliver user-friendly solutions for educational institutions.
   3. Fixed bugs, improved performance and supported software releases.
3. **Data Specialist - part time** — **Sesheke Zambia**
   Sesheke Town Council — 2024 Nov - Jan 2025
   1. Captured, cleaned and verified large datasets for the "Cash for Work" programme, maintaining data integrity and timely reporting.
   2. Helped streamline manual record systems for better efficiency.
4. **Data Entry Clerk (Intern)** — **Lusaka Zambia**
   Higher Education Loans & Scholarships Board — 2023 Sep - Dec 2023
   1. Entered and maintained over 4,000 student loan application records with a high level of accuracy.
   2. Supported verification processes that improved application processing speed and reduced backlog.

EDUCATION

The Copperbelt University — **Kitwe Zambia**
Bachelor of Science in Information Systems — 2020 Sep - Sep 2024

Ilute Yeta Boarding Secondary School — **Mwandi Western Zambia**
